

# THE TEAM THAT MAKES THE SOUDAL OPEN POSSIBLE

Being a volunteer for the second year on the 2025 Soudal Open greenkeeping team, I once again experienced that unique blend of passion and Professionalism.

Preparing a course to **DP World Tour standards** with **Rinkven** and **Golazo** is both a demanding technical challenge and a moment of shared expertise and friendship with professionals from all over Europe.

Despite strict agronomic constraints, we succeed in delivering a **world-class course** — environmentally friendly and worthy of the biggest tournaments.

A human and technical experience that makes you want more... and one I highly recommend to everyone for **2026!**

**Dewi Merckx** - Soudal Open Greenkeeper 2024 - 2025
